GREAT DNA
RUNS IN THE FAMILY.

MINI.CA

KEEPING UP WITH THE MINIs.

The MINIs are a unique bunch. A family like no other, they constantly draw attention wherever they go. They enjoy a wide variety of activities, whether it's rounding up their friends for a night on the town, or sniffing out the perfect on-ramp. No matter where your adventures lead, there's a MINI that is perfect for you.

Every MINI offers more thrills than anything else on the road. While they may be small, each one packs a much bigger-than-expected punch. That's because every MINI is equipped with powerful engines ranging from a naturally aspirated 4-Cylinder, producing 121 hp, all the way to a turbocharged powerhouse, producing 208 hp. You're always guaranteed to get the most out of the road with MINI.

So the question still remains: which MINI model will you choose to join you on your journey?

ONCE AN ICON. ALWAYS AN ICON.

55 years after the first Mini hit the streets, the MINI motoring fun-omenon continues to sweep motorers off their feet. Proof that defiantly original design, ultra-nimble go-kart handling, and an undeniably cheeky personality are truly timeless qualities.

THE PERKS OF
ROLLIN' WITH MINI.

3 years/50,000 km

NO-CHARGE SCHEDULED MAINTENANCE.

You may be buying a new MINI, but we want you to feel comfortable enough to drive it like you've owned it forever. After all, you've got the "MINI Driver" reputation to uphold. To help ease your conscience as you rip through the corners, we're throwing in a 3-year/50,000 km (whichever occurs first) No-Charge Scheduled Maintenance package.

4 years

MINI ROADSIDE ASSISTANCE.

Get out, hit the highway, make your mark, and throw your worries in the trunk. With MINI Roadside Assistance you'll get an outstanding 4 years of unlimited travel protection wherever the road takes you. The program offers towing, lock-out service, on-site assistance, and even custom-computerized trip-routing services. MINI Roadside Assistance, and our industry-leading MINI Accident Management, are available 24 hours a day, anywhere in Canada and the U.S., and you're only ever a toll-free phone call away.

4 years/80,000 km

MINI WARRANTY.

Each MINI is built according to the highest possible standards of quality – a guarantee that you'll experience driving thrills for the entirety of your MINI's life. So, you'll be jumping for joy when we tell you that MINI gives you a new car warranty period of 4 years or 80,000 km (whichever occurs first). Even more exciting is that there's a 2-year warranty with a no-distance limit on Original MINI Parts and Accessories (the only exception being wear-and-tear parts). Visit your nearest MINI Retailer for full information on coverage and limitations.

All-Wheel Drive

ALL4 ALL-WHEEL DRIVE.

The **ALL4 All-Wheel Drive** system in the MINI Countryman and MINI Paceman takes driving excitement to a whole new level. Unique to MINI, ALL4 delivers superb traction, confident cornering, and zippy agility.

MINI

MINI CONNECTED.

The in-car infotainment revolution starts here. MINI Connected offers innovative technology to make your link-up to the outside world even better – with safe, comfortable, and intuitive controls for all functions.

JOHN COOPER WORKS.

It is said that from the day he was born, John Cooper had eyes for certain things above all else: race cars. And the faster, the better. The brilliant engine developer worked tirelessly to create a race car for everyone. His work paid off, and his gift to the world was the classic Mini; a vehicle with extra-dynamic spunk.
To honour his gift, our lineup of top-performance John Cooper Works MINIs are designed for adventuring and extreme driving fun.

MINI has much more to offer.
Visit **MINI.CA**, or ask a MINI Representative for more information.

THE MINI 5 DOOR.

SAME HANDLING. MORE HANDLES.

It's the latest MINI to benefit from the third generation of MINI design, engines, features, and technologies… and it comes equipped with more handles to love! On the one hand, you have faster, more efficient 3 and 4-Cylinder Twin Power Turbo engines, multiple driving modes (Mid, Sport, and Green), and a corner-hungry bulldog stance. On the other, you have 4 passenger doors opening up to a 3-seat rear bench and 1,076 litres of cargo space. If this isn't the perfect blend of motoring fun and driving function, we don't know what is.

For more about the MINI 5 door, visit **MINI.ca/5door** or configure your own at **BuildMyMINI.ca**.

NO-CHARGE SCHEDULED MAINTENANCE

- 3 years / 50,000 km
- Free engine oil changes
- Free micro filter replacements
- Free brake fluid change

MINI COOPER

Engine: 3-Cylinder (12v) Twin Power Turbo
Power: 134 hp @ 4,500 – 6,000 rpm
Torque: 162 ft/lb @ 1,250 rpm
Acceleration 0-100 km/h: 8.2 s

Performance:
Max. speed: 207 km/h

Fuel Consumption* (L/100 km):
Highway: 5.9
City: 8.2
Combined: 7.2

Dimensions (L x W x H):
3,998 / 1,727 / 1,425 mm

MINI COOPER S

Engine: 4-Cylinder (16v) Twin Power Turbo
Power: 189 hp @ 4,700 – 6,000 rpm
Torque: 207 ft/lb @ 1,250 rpm
Acceleration 0-100 km/h: 6.9 s

Performance:
Max. speed: 232 km/h

Fuel Consumption* (L/100 km):
Highway: 7.0
City: 10.0
Combined: 8.6

Dimensions (L x W x H):
4,013 / 1,727 / 1,425 mm

Note: All figures relate to vehicles with the standard 6-Speed Manual Transmission.

*Fuel Consumption based on Natural Resources Canada's (NRCan) newly mandated fuel consumption criteria and 5-Cycle testing methods effective with 2015 model year vehicles.

THE MINI 3 DOOR.

THE NEW ORIGINAL.

It's the Original Mini, re-born. The MINI 3 door features the same iconic bulldog stance and "wheels-pushed-out" body design that made the original legendary back in '59. But this natural 'fun-omenon' is equipped with powerful new 3 and 4-Cylinder engines, both featuring Twin Power Turbo Technology, that make them faster and more efficient than ever before. Jump into the driver's seat and you'll find an array of brand new features that deliver an enhanced level of comfort, connectedness, and style – and that's just the tip of the iceberg! Take it for a boot and it'll only take one punch of the accelerator to realize that the MINI 3 door is all about one thing: unadulterated motoring fun.

For more about the MINI 3 door, visit **MINI.ca/3door** or configure your own at **BuildMyMINI.ca**.

THE MINI PACEMAN.

A LITTLE BIT OF BEAUTY. A WHOLE LOT OF BEAST.

ALL4 All-Wheel Drive

If this crossover coupé looks ready to bolt at a moment's notice, that's because it is. With MINI's notorious under-the-bonnet spunk, the Paceman's racing shoulder line, tapered windows, and shrouded C-pillar cut an athletic profile that signals a warning to other drivers, both on and off the rally course. So, watch your six – this is no ordinary MINI. And with **ALL4 All-Wheel Drive**, we guarantee that its bite will be as big as its bark.

For more about the MINI Paceman, visit **MINI.ca/Paceman** or configure your own at **BuildMyMINI.ca**.

NO-CHARGE SCHEDULED MAINTENANCE

THE MINI CONVERTIBLE.

BURY YOUR HEAD IN THE SKY.

Every journey needs some fun and that's exactly what you'll get with the MINI Convertible. This "party-on-wheels" is equipped with a low centre of gravity, short overhangs, low weight, and high-torque engines. This model also gives you three looks in one package: your MINI with the top up, the top down, or the top half-down (or half-up, depending on your life perspective). So let your hair hang down and blow back in the wind while the MINI Convertible shows you a good time.

For more about the MINI Convertible, visit **MINI.ca/Convertible** or configure your own at **BuildMyMINI.ca**.

NO-CHARGE SCHEDULED MAINTENANCE

THE MINI CONVERTIBLE.

COOL CRUISING.

Gives you goose bumps even when it's standing still: the MINI Convertible is positively dripping with highlights, from the chrome radiator grille, to the "Openometer", which measures the exact amount of time you spent with your head in the sky. And with the soft top down, the elegant, sporty interior, including central speedometer, is there for all to admire.

THE MINI COUPÉ.

READY FOR HORIZONTAL TAKEOFF.

Two seats, one automatic spoiler, unlimited driving fun. This MINI's not afraid to challenge the status-quo, and doesn't see the boundaries of society as limiting. Instead, they are great trials waiting to be tackled. The MINI Coupé is an unapologetically aggressive two-seater with a low centre of gravity, and its aerodynamic design will allow you to accelerate from 0 to 100 km/h in a mere 6.9 seconds (and a whopping 6.4 seconds for John Cooper Works models). The MINI Coupé will instantly have you thinking: rules were made to be broken.

For more about the MINI Coupé, visit **MINI.ca/Coupe** or configure your own at **BuildMyMINI.ca**.

THE MINI ROADSTER.

BACKSEAT DRIVERS NOT WANTED.

The MINI Roadster is always ready for your next adventure. Its combination of dashing good looks, open-air exhilaration, and go-kart handling makes this two-seater a stimulating companion on any road trip. The punchy engine, smart technology, and trademark MINI driving experience make every corner a moment to remember. And if you'd rather face that with the roof up, then that can be arranged in a matter of seconds. With the MINI Roadster you will learn to live life in the fast lane, both literally and figuratively.

For more about the MINI Roadster, visit **MINI.ca/Roadster** or configure your own at **BuildMyMINI.ca**.

Acceleration 0-100 km/h: 6.6 s

Performance:
Max. speed: 237 km/h

Fuel Consumption* (L/100 km):
Highway: 6.8
City: 9.2
Combined: 8.1

Dimensions (L x W x H):
3,734 / 1,683 / 1,390 mm

Note: All figures relate to vehicles with the standard 6-Speed Manual Transmission.

*Fuel Consumption based on Natural Resources Canada's (NRCan) newly mandated fuel consumption criteria and 5-Cycle testing methods effective with 2015 model year vehicles.

JOHN COOPER WORKS.

STREET LEGAL. JUST BARELY.

The John Cooper Works lineup offers a potent combination of balanced handling and ballistic acceleration, and is tuned to achieve performance normally reserved for race cars. One look under the bonnet reveals an engine that is capable of producing 208 hp at 6,000 rpm. If that isn't enough power for you, try giving the sport button a tap. This will transform your MINI into an absolute top athlete, with more precise steering responses and faster acceleration – even the tone of the twin-pipe exhaust moves up a key. The John Cooper Works family offers so much horsepower, you may have to buy a saddle.

From one motoring connoisseur to another, you're welcome.

THE LIVING MOTORSPORT LEGEND.

» In the 1960s, John Cooper achieved a string of stunning victories with the original Mini, including three wins in the Monte Carlo Rally. Today, John Cooper Works remains a byword for motorsport excellence; as seen in the optional John Cooper Works package for MINI Cooper S models, the John Cooper Works models, and dynamic John Cooper Works Tuning components. Racing is in our blood.

» While most people were frolicking to British guitar pop, John Cooper was busy forever redefining motorsport. In less than a decade, his team pilfered the checkered flag in almost every one of racing's benchmark contests. Unconventional and full of spunk, the classic Mini Cooper was a perfect match for Cooper – the man.

The Cooper legend lives on in the MINI John Cooper Works lineup. Three generations of indomitable Cooper racing spirit bring you adrenaline-inducing machines that are all guts.

For more about the MINI John Cooper Works, visit **MINI.ca/JCW** or configure your own at **BuildMyMINI.ca**.

FREE IS GOOD.

GET 3 YEAR/50,000 KM* NO-CHARGE SCHEDULED MAINTENANCE** WITH EVERY NEW MINI.

NO-CHARGE SCHEDULED MAINTENANCE VALUED AT $800 INCLUDES:

- Engine Oil Service plus top-ups
- Vehicle Check
- Brake Fluid Change
- Micro Filter Replacement
- Air Filter Replacement
- Spark Plug Replacement
- Fuel Filter Replacement

*Coverage begins on the date of first retail sale or the date the vehicle is first placed in service as a demonstrator or company vehicle, whichever is earlier.
**The maintenance schedule intervals are based on normal driving conditions and operation. Additional maintenance not identified by the vehicle's on-board maintenance system will not be covered.

MINI CONNECTED.

BE MINI. BE CONNECTED.

Need directions quickly and conveniently? Want to keep up to date with your Twitter and Facebook communities? Fancy finding out how efficiently you're driving? Or what about some of your favourite music – some of which you can create by just putting your foot down?

MINI Connected opens up an entire new spectrum of in-car infotainment, communication, and online functions. Simply download the free MINI Connected app to your smartphone*, attach it to a MINI equipped with the optional MINI Connected feature, and immerse yourself in this array of exciting new features. All functions and features are optimized for use in your MINI and can be operated simply, safely, and comfortably.

Can't Wait?
Scan the code to download the free MINI Connected app.

*The MINI Connected app is compatible with all MINI models equipped with the factory option "MINI CONNECTED" and MINI Navigation through an iPhone and additionally through some Android devices on the MINI 3 door and MINI 5 door as of Model Year 2014.

FEATURES:

- WEB RADIO
- NEWS
- TWITTER
- FACEBOOK
- GOOGLE™ LOCAL SEARCH
- GOOGLE™ SEND TO CAR
- DYNAMIC MUSIC
- PLUG-IN

SO MINI CHOICES.

EXTERIOR COLOURS.

A wide range of exclusive metallic and non-metallic paint colours are available for your MINI. Striking contrast elements, including the roof and exterior mirror caps can be combined in different ways to make it your own. For more ways to customize the exterior of your MINI, visit the MINI Configurator online at **BuildMyMINI.ca**.

CONCEPT AND SAFETY.

Your MINI, your bodyguard: various sensors recognize dangers before they actually arise, allowing you to react in good time. In tricky situations, you are supported by the intelligent suspension and braking systems. Maximum security on four wheels: in the event of a crash, a wealth of safety equipment provides you with optimum, all-around protection.

» BRAKING SYSTEMS.

Optimum braking behaviour in any situation is ensured by 4 disc brakes, with the latest generation of 4 sensor Anti-lock Braking System (ABS) as standard. Enhancing your agility, Electronic Brakeforce Distribution (EBD) manages the balance of the braking force between the front and rear axle. Cornering Brake Control (CBC) improves stability by evening out brake pressure from side-to-side when braking while cornering or changing lanes. Brake Assist speeds up the slow-down process, enabling maximum braking pressure while minimizing the braking distance.

» STABILITY CONTROL.

MINI's standard Dynamic Stability Control (DSC) will automatically adjust engine power and apply slight braking force when instability is detected. When DSC is turned off, Automatic Stability Control + Traction (ASC+T) activates and improves front axle traction when accelerating on slick surfaces, helping you dig out of that sand trap or deep snow.

» FLEXIBLE REAR AXLE.

Thanks to the multilink rear axle, each wheel can react independently, meaning that an uneven road surface doesn't affect the entire chassis – and that your driving experience remains as relaxed as ever. Even more safety is provided by the single-link spring-strut front axle and symmetrical, equal length drive shafts.

» DRIVE-OFF ASSISTANT.

When starting off on an inclined road or hill, MINI's Drive-Off Assistant will hold your position for up to two seconds after your foot comes off the brake pedal, ensuring a perfect take-off with no rolling back.

» STRONG TIRES.

A MINI never has that deflated feeling, thanks to Run-Flat Tires with emergency running properties. The reinforced sidewalls allow you to drive up to 80 km at a speed of 80 km/h, even with complete tire pressure loss. Combined with a tire pressure warning system that will alert you if any of the four wheels drop in air pressure, you'll keep your tires in optimal condition and always firmly planted on the road.

» FAST AIRBAGS.

The MINI 3 door and 5 door are equipped with a total of eight airbags, while the Countryman and Paceman are designed with seven. For the other models, including the MINI Convertible, Coupé, and Roadster, four airbags come standard. Driver and passenger airbags protect the head and upper body during a head-on collision. Side and head airbags reduce the risk of injuries to the head, chest, and pelvic regions during side impact. These "SMART" airbags constantly measure the driver's and front passenger's positions, seatbelt use, and impact severity that determine airbag inflation rates accordingly, keeping you safe and protected.

» BRILLIANT LIGHTS.

Optimum light on straights and bends alike – thanks to MINI's optional Bi-Xenon and LED Headlights. Clear and bright illumination with automatic self-levelling that adjusts the beam's angle to the road based on your MINI's speed and load. They even clean themselves with retractable power washers for the very best visibility.
