CONGRATULATIONS. YOUR MINI IS IN THE BEST OF HANDS.

MINI Service Inclusive is your licence to top-of-the-line services, giving you an advantage whenever your MINI has to make a pit stop for maintenance work. With MINI Service Inclusive, you can be sure that you will receive expert service performed by MINI Certified Technicians, using only Original MINI Parts. With a passion for everything MINI, we make sure that nothing gets in the way of your uninhibited driving thrills.

Both MINI Service Inclusive and MINI Extended Warranty are available in different packages to ensure the perfect fit for your driving style. With these packages, you can also vary time and kilometre options to suit your individual needs. Details are included on the following pages, including a worksheet you can use for your individual MINI model.

EVERYTHING YOU NEED TO KNOW.

- › MINI Service Inclusive starts when the vehicle is first registered and expires at the end of the specified time window or when the vehicle has been driven the allowable time/distance (months or km).
- › With MINI Service Inclusive, you're always guaranteed a warm welcome anywhere in Canada. Our MINI Service Centres across the country are there for you, and for subsequent owners, too. Should you ever sell your MINI, you can also transfer MINI Service Inclusive to the new owner.

MINI KNOWS BEST.

Your MINI's on the ball. Quality and unlimited driving thrills are hardwired into its design. As is convenience – especially when it comes to maintenance and repair work.

Fixed maintenance intervals are a thing of the past. Your MINI uses its on-board maintenance system, Condition Based Service (CBS), to determine when its next service is due and displays this information in the cockpit.¹ And when you get to the workshop, you don't even have to remember why you're there. Your MINI Service Centre can immediately determine what needs to be done using the CBS data stored in your MINI key. After all, you probably have better things to think about – like the last time you were cruising on the open road...

NO-CHARGE SCHEDULED MAINTENANCE.

All new MINI vehicles purchased from an authorized MINI Retailer in Canada are covered by No-Charge Scheduled Maintenance² for 3 years or 50,000 km, whichever occurs first. The first date of coverage starts on the date of the retail sale, or the date the vehicle was first used as a demonstrator/company vehicle (whichever date is earlier). Although the No-Charge Scheduled Maintenance will cover many of your servicing needs, additional worry-free upgrades are available to supplement this coverage.

MINI MAINTENANCE PROGRAMS: The chart below provides a summary of the services included as part of your No-Charge Scheduled Maintenance, 3-year/50,000 km coverage that comes standard with your MINI.
